

At Southfield Park we endeavour to provide the best possible learning journey for every child, SMSC is a golden thread that weaves effortlessly throughout our school and curriculum so that all children can ‘SHINE’ in their own individual way.

Our **SHINE** ethos fully exemplifies the value of and our commitment to Spiritual, Moral, Social and Cultural development of children and opportunities for this are embedded throughout our school environment and creative curriculum. We believe that SMSC development makes a significant contribution to not only the high standards of achievement, motivation, attitudes and behaviour of children at Southfield Park, but also in their ability to relate to and access the local and global communities we live in. All of these elements come together to actively promote fundamental British Values.
