

Travel Plan

2015-2016

Our school Travel Plan is written to tell you about all of the brilliant things we have got planned to help you walk, cycle, scoot or use public transport a bit more if you can and drive a bit less.

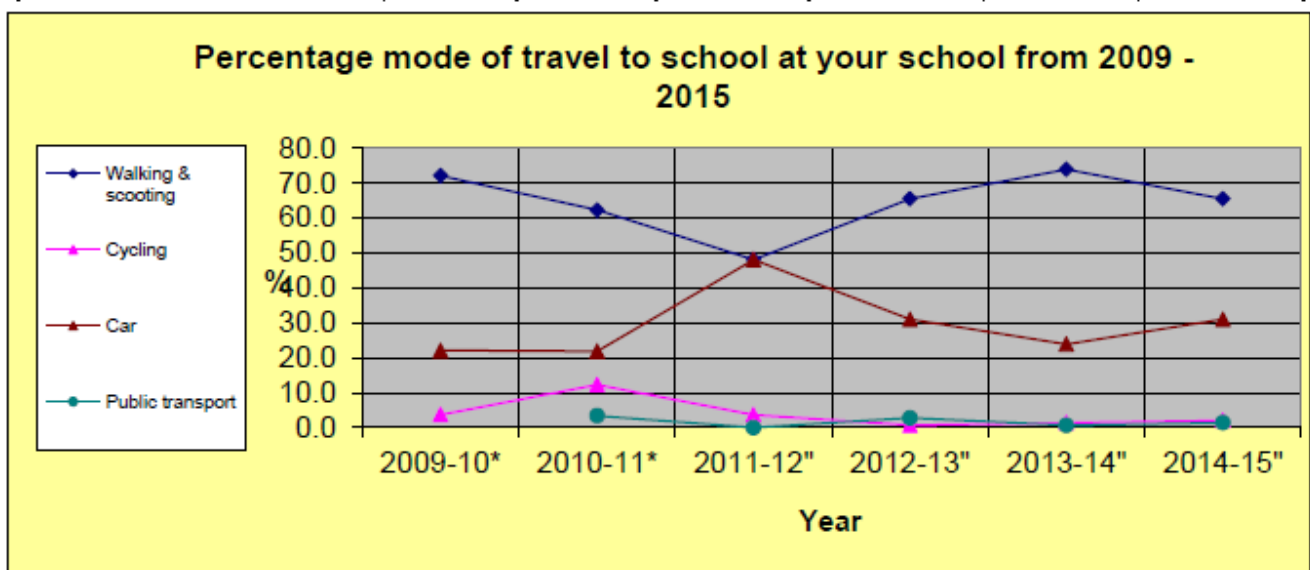

Why do we have a Travel plan?

We want children, parents, staff and visitors who come to St Peter's to be as active as possible as this will help them to be happy and healthy on their journey to school. The plan will let you know some of the exciting things we have done recently to support walking, scooting and cycling as well as how families can get involved in the activities that we have planned. We also want to make sure that no matter how you travel to and arrive at school that it is as safe as possible.

How are we doing?

The graph below shows the percentage of how many children walk/scoot, cycle, are driven or use public transport. Within the Local Authority we are doing very well with the numbers of our community who are choosing active travel. Well done all of you!

Mode of travel from 2009-2015 at your school						
Mode of travel %	2009-10*	2010-11*	2011-12"	2012-13"	2013-14"	2014-15"
Walking & scooting	72.1	62.3	48.1	65.5	73.9	65.5
Cycling	3.7	12.3	3.7	0.7	1.4	2.1
Car	22.1	21.9	48.1	31.0	23.9	31.0
Public transport		3.4	0.0	2.8	0.7	1.4

* Data collected from your school by the Department for Transport (DFT)

" Data collected from your school by BHCC's School Travel Team Sustainable Mode of Travel Survey

The 'car' figure includes cars, vans, car - sharing and park and stride.

What events have we had over the last year to encourage walking, scooting and cycling and what are we planning to do next?

We always participate in national Walk to School Week and Walk to School Month. During that time we encourage our families to get active! This year's Walk to School Months take place in October and March/May. Years 1-5 are using 'Striders Time Travel Pack' including travel diaries and badges which will help the children understand the purpose of Walk to School Month and how to record the class habits.

Ben Sherratt – better known as 'Dr Bike' - will be working with us again this year to encourage us all to get on our bikes! Dr Bike is held the first smoothie making/bike maintenance day on Wednesday 25th November. Lots of children remembered to arrive at school on two wheels that day!

We always use public transport when possible for education visits. In fact this term Red Class went to the bus station, experienced the bus wash – twice! – and were then chauffeur bus driven back to school because they had been so beautifully behaved!

Road Safety Ambassadors will soon be working in the mornings to support parents to park safely at dropping off time. You will spot them in their high viz jackets with clipboards and badges looking very official!

Bus services for your information.

SERVICE	ROUTE	FREQUENCY
<u>1</u>	WHITEHAWK - County Hospital - Old Steine - Churchill Square - Hove - New Church Road - Portslade - Old Village - Valley Road - MILE OAK	6 minutes
