

# Mrs Cronin F2 Teacher

## My Family

I have three amazing boys, who keep me very busy. My oldest son is called Josh and is at Edinburgh University to study engineering. We are a very active family, who like to do lots of activities together especially camping. My husband and my other two sons, Zach and Logan love to go to theme parks and unfortunately I do not share their passion, so I am usually the bag and phone holder. We are all very busy so we like to sit down together on a Sunday and have a roast dinner (always cooked by me) and just catch up with each other.

## FUN FACTS

I love chocolate.

I broke my shoulder when I was twelve on a space hopper.

I still love to play hide and seek, it is great fun!!!

I cheat at board games.

I never remember people's names, except the children I teach.

I love being a teacher in foundation.

## My Hobbies

In my spare time I love to relax by reading a good book or watching what my boys call a 'chick flick'. I live in a very old house and enjoy decorating and painting it. I listen to a wide range of music and going to concerts. My favourite band at the moment is Mumford and Sons. Which I am told regularly I listen to far too loudly when I am driving. When the sun is shining I love to cycle or go for a walk.
