31st August 2017

Dear Resident

Chester Park School – Speed Tables

The point has been reached in the works programme to lay the final surface tarmac which will take place on Tuesday 5th and Wednesday 6th September 2017, commencing around 9am.

The speed tables being surfaced are;

Table 6, Ridgeway Road, Honiton Road junction.

Table 5, Honiton Road.

Table 3, Abingdon Road, Acton Road, junction.

Table 2, Abingdon Road (adjacent to the new school).

Table 1, Abingdon Road, Moorland Road junction.

Please note that each of these tables will require a road closure for around 2 hours to allow the tarmac sufficient time to cool before traffic can pass over.

When the speed tables have been completed the final surfacing of the footpath will take place over the same two-day period.

Laying of hot tarmac is very dependent on dry weather. Light rain is manageable but not prolonged heavy rain. Adverse weather conditions may cause a postponement or delay. A roller will be used, so again there will be some noise disruption and vibration at times.

Apologies in advance for any disruption and delays caused throughout this period of essential work and we would like to thank you for your continued cooperation and assistance.

Should you have any questions or concerns relating to the works, please do not hesitate to contact me, my details are below.

Yours faithfully,

Richard Bevan
