

## ENGLISH

Children will have the opportunity to write their own recount and produce their own Non chronological report. We will also work on using imperative verbs to write simple instructions. We will have the opportunity to explore information Books, Lists and Instructions. Our focus books for this topic will be 'Leaf man', and 'Flower'.

## MATHS

As well as working on consolidating their place value knowledge and number bond facts, children will understand how to measure length and capacity, begin to work with simple fractions and be able to find change from small amounts of money. We will also begin to look at simple multiplication and division models.

## SCIENCE

Children will be able to describe how plants grow and identify what plants need for healthy growth and survival.

We will also look at Identifying and classifying common flowers and trees that are found growing nearby as well as naming a range of common animals from the local and wider environment.

# The Scented Garden/ Enchanted Woodland

## PE

We will begin to look at the principles of attack and defence in Invasion games such as End ball, Pop Lacrosse and Tag Rugby.

## RE

Revisiting the theme of Celebrations and Festivals, we will ask the question "Why does Easter matter to Christians?".

## COMPUTING

There will be an opportunity for children to research the work of the Woodland Trust and email the class with what they found out about it. Children will also create an individual PowerPoint slide explaining their favourite part of this topic.

## MUSIC

We will use our own voices in different ways including speaking, singing and chanting.

## FRENCH

## HISTORY

## ART/DT

Children will undertake a variety of Observational drawings, Sculptures, Flower Pressing and Making fragrant products as well as working with natural materials.

## PSHE

Children will be able to explain how their actions have consequences for themselves and others.

## GEOGRAPHY

Class one draw a simple picture map, being able to label particular features. They will also find out about plants and flowers that grow in a contrasting location.
