What: I can write a sentence using capital letters.

How?

By knowing how to form a capital letter.

By using capital letters at the start of a sentence.

By writing a caption.

The two little  
pigs are laying  
in the sun.

The sheep are  
running really  
fast.

The cow is chewing  
green grass and  
all the cows  
are lying on their  
backs.
