Sports Premium Report

2016-17

What is Sports Premium Funding?

The government has provided funding since the academic year 2013/14 with a view to providing substantial for primary school sport. The sports premium funding money is allocated to enable headteachers to improve the quality of sport and PE for all their pupils. Since 2013-14, schools have been allocated £8000, alongside £5 per pupil, each year. The money can only be spent on sport and PE provision in schools.

The overarching government vision for sports premium funding is as follows:

ALL pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

Our Vision for Sports Premium Funding

To increase the quality of PE in our school through; development of teacher's knowledge and confidence, developing early swimming activities within school, engaging with the expertise of club leaders in the local community and promoting physical activity.

Coach transport	<ul style="list-style-type: none"> Year 5/6 Playleaders' Training Year 4 Ultimate Frisbee Competition Sowerby Schools' Cross Country Competition Year 5 Netball 	To enable children to participate in a wider range of local competitive activities	Increased school participation in local sporting competitions	£1000
Sports Day	Sports consultant to lead sports day	To provide pupils with opportunity to participate in a range of athletics activities To promote competitive sportsmanship	Pupils develop a lifelong love of sport	£500
			Total Spend Carry over	£7,650 £925

Impact of Funding 2016-17

- 12 children participated in the Sowerby Bridge Inter Schools' Cross Country Competition. 3 children gained top 5 places. Children's motivation to participate and succeed was developed, boosting self-confidence in sporting abilities.
- 40 Year 3 children had early swimming lessons to give them opportunity to develop their water confidence, hopefully enabling them to reach the National Curriculum standard in 2017-18. Of these 40 children, 14 were in receipt of Pupil Premium funding.
- Of the 38 Year 4 children who had additional swimming lessons in Year 3 to develop their water confidence, 13 children reached the required National Curriculum standard, of which 14 were in receipt of Pupil Premium funding also.
- After School Sports' provision (Football) was over-subscribed throughout the year. Children increased their participation and develop key skills and personal fitness.
- The football club participated in a number of games throughout the year. Although not yet successful in establishing a winning streak, children's participation was great, sportsmanship was fantastic as recognised by a range of stakeholders, and foundations are in place from which to work in the 2017-18 academic/sporting year.
- Sports Day promoted team and individual achievement whilst promoting and develop key skills.
- Skip2BFit sessions encouraged participation and developed the role of play leaders within school, who then in turn delivered sport activities to peers at playtimes and lunchtimes.
- Membership of the RVHS PE Partnership developed staff skills and provided networking opportunities, as well as increased opportunities for the children to take part in competitive sporting activities.
- All pupils have the opportunity to be active at lunchtime, whether this be through daily football games, additional sport activity on the field, use of the trim trail, or use of playground sports equipment. These activities enable children to develop their fundamental gross motor skills.
- 100% of children had the opportunity to complete competitive athletics events as part of sports day.

Sustainability

If Sports Premium funding ceases, alternate funding will be sought to within the delegated budget in order to continue water confidence sessions for Year 3 children. It is anticipated that the PE leader would be able to continue the legacy of the KS2 Athletics Sports Day, however, additional resources would be required and this expenditure would need to be planned for. Additional sporting activities such as Soccer Academy and Skip2beFit would again be suggested to governors as a priority for spending from the main budget.

Sports Premium Spending Plan 2017-2018

In 2017-18, the government is doubling the funding allocated to schools, with a standard allocation of £16,000 being given, alongside £10 per pupil.

With this increased amount of funding, we would like to increase the number of specialist after school clubs provided, such as Zumba, archery or dance. We would also like to further increase children's levels of personal fitness by creating a fitness track around the edge of the school field. It is anticipated that the size of this project will require completion in stages over the next couple of years. E.g creation of running track in Year 1, creation of fitness stations in year 2. School will allocate additional funding wherever possible e.g. Devolved Formula Capital allocation.

Amount of funding received in 2017-18: £17,300 (plus £925 carry over from last year)		
Skip to be Fit Playleader Training	Year 6 pupils	£500
Box to be Fit Circuit Day	Whole school circuit workshops	£500
Zumba after school club	6 sessions per term, 3 terms (£50 per hour)	£900
Gymnastics equipment	Replacement mats, benches and tables	£3000
PE week (Olympic Legacy)	5 x full day Junior Jam PE workshops e.g. Taekwondo, Capoeira, Athletics, Cheerleading.	£1,250
Ryburn Valley High School	PE Cluster Membership (140 pupils)	£350
Swimming Lessons	Year 3 water confidence lessons	£3,000
PE Kit	PE kit to be provided for most vulnerable children (x25 children)	£500
Competitive Sports Kit using new school logo	15 x hoodies 15x polo shirts	£250
Fitness Trail Project	Creation of permanent running/exercise track around the edge of the school field	£8,7975
	Total planned spend	£18,225
