

ST JOHN OF BEVERLEY RC PRIMARY SCHOOL

EQUALITY OBJECTIVES

2016-2020

At St John of Beverley R.C. Primary School:

1. We will maintain and continue to nurture a caring, inclusive community underpinned by the teachings of the catholic church through our curriculum and all school activities
2. We acknowledge that every member of our community is an individual with different god given talents. We recognise and celebrate difference, support inclusivity and promote democracy through our teaching and through demonstrating mutual respect for each other in everything we do.
3. We will challenge discrimination at every level if and whenever it occurs and will monitor incidents and outcomes
4. We will ensure pupils have equal access to education in its widest sense and we will track and monitor pupils carefully to ensure they reach their potential.
5. We will ensure personalised learning and intervention programmes are put in place for those requiring additional support.
6. We will continue to improve basic literacy and numeracy skills for FSM pupils and those in receipt of Pupil Premium.
7. We will promote the well being of staff and pupils. We will put in place comprehensive induction programmes and mentoring schemes and also emotional support programmes for pupils including ELSA and Rainbows to ensure that every member of our community is supported in times of need.
