## (Roe Green Infant School & Roe Green Strathcona School)

### EYFS and KS1 Results 2016-2017

The information below compares the attainment of our pupils with local authority and national averages. We are delighted with the excellent results across the school. They are a tribute to the children and the staff.

#### Early Years Foundation Stage

**70%** of pupils in Reception attained a Good Level of Development against the Early Years framework. This is on a par with the local authority average.

A Good Level of Development is defined as children working at the expected standard or exceeding the expected standard in the key areas of literacy, maths, physical development, communication and language and personal, social and emotional development.

#### Key Stage One

This is the second year of the new testing and assessment arrangements for Year 2. These arrangements reflect the more challenging national curriculum which was introduced in 2014.

At the end of KS1 (Yr2), teachers are required to assess each child in the areas of reading, writing, maths and science. National Curriculum assessment tests are used to support teachers' judgements.

The system of national curriculum levels has been removed and the new measures are as follows:

**Expected Standard** – Working at the expected standard for a child at the end of Year 2.

**Greater Depth** – Working at greater depth within the expected standard, with a strong understanding of the curriculum.

Attainment in Year 2 was very high in 2017. Roe Green Schools' performance was above the national and local authority averages in reading, writing and maths by wide margins.
