

# Year 1 Visit to Sudbury Museum of Childhood

Year 1 have been learning about life in the past. When we visited Sudbury Museum of Childhood, we experienced what it would have been like going to school years ago.

We paid the teacher with a penny. We had to line up in straight lines of girls and boys. We had to sit up straight and sit in silence. We had to write on slate. We found out that children had to clean chimneys. We went up the chimney to see what it was like. We also learned about how people cleaned houses and washed clothes.
