

School Sports Organising Crew Training

29/09/17

The Sports Crew from Hillside attended a conference held at All Hallows Church hall. The meeting, organised by SPIN, was to train the children in their roles as organisers of School Games events. They were given the responsibility of deciding on their roles within the group and what each role entailed. They then discussed as to what they could do to improve PE within school and finally they produced an assembly that could be used to promote and inform the other children of Hillside as to what the Sports Crew is about. All of the children left the training enthused about their roles and eager to get started.
