

Additional Physical Education and Sport Funding 2016-2017

Since 2013 the Government have provided a yearly grant for physical education (PE) and Sport. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. How we use this money is explained below. Our funding for 2016-2017 is £9470

In spending the funding, our aims are:

- Increase enjoyment and skill level for children
- Increase engagement
- Increase active minutes in PE session
- Teaching and learning broken down into specific learning objectives
- Staff understanding, skill and motivation improved
- Managing logistics of equipment and space improved
- More active lunchtime
- Develop sports leaders to support active lunchtimes, more active PE sessions and personal development

Impact will be shown through video analysis, quantitative and qualitative assessment, with the aim in 2017-2018 to achieve Association for Physical Education Quality Mark as well as the Sainsbury's Gold Mark which we have been awarded in the last two years. The Sainsbury's award is evidence that our children participate in a range of sporting events and competitions throughout the year and that PE is well developed at our school.
