Mr Pie's Day out

Introduction: Hi from Mr Pie.

Hi I'm Mr Pie you can describe me as silly and weird well that's what people said anyway I'm actually foolish not silly and weird. I'm dumb as well so that's probably why I'm so foolish because I don't ~~hear~~ ^{hear} the right things that are said or, shouted. Well bye for now I've got to go to the mall for some new clothes.

Chapter 1: Should I or should I not?

I was shopping in the mall I'm supposed to be shopping for clothes but I'm really rich so I like buying other stuff but I was walking towards the shoe shop and I saw a spaceman saying 1 million pounds to go to the moon with

him. I wanted to but I thought it would be dangerous. Just then he saw me. "Do you want to come with me you look rich?" "I only have 5 hundred pounds I might be back later."

Chapter 2: Finding money

I was looking out for a job and then I saw cousin carrot my arch enemy he had a wife called Lady Lettice she was him. "Hi Pumpkin pie let you haven't got the new lazer beam water gun 5000." Just then he took one out of his pocket ps ps ps it went "Ha!" he cried I'll give you 5 hundred pounds yes I thought I won't tell him about the spaceman.

Chapter 3: The great disaster

When I got back to the spaceman I saw he was gone someone must already going with him just then he saw him and Percy potato on a rollercoaster in the fair. I rushed ~~there~~ there as fast as I could. I stopped for a moment should I actually run or jump onto the rollercoaster erm erm yes! I'm quite good at jumping so I jump onto the carriage. OK 3, 2, 1, go

THE END!
