

New Cangle Equalities Policy Mar 2016

Suffolk Inclusive School Improvement Service

Introduction

This policy is accompanied by an equalities action plan, the priorities for this plan have been formulated from the policy and the school equality impact assessments.

Statement/Principles

The policy outlines the commitment of the staff and Governors to promote equality. This involves tackling the barriers which could lead to unequal outcomes so that there is equality of access and the diversity within the school community is celebrated and valued.

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth. At New Cangle school, equality is a key principle for treating all people the same irrespective of their gender, ethnicity, disability, religious beliefs/faith tradition, sexual orientation, age or any other of the protected characteristics (Single Equalities Act 2010).

This policy has been drawn up as a result of discussion within a working party made up of representatives of teaching and support staff, pupils, parents, and governors and has been shared with the whole school community.
