### **Written Statement**

I began working as a Teacher at South Failsworth Community Primary School in January 2013. I have always taken an active role in school life and currently serve on the PTA committee. I am delighted to have been asked to join the Governing Body so that I can learn more about the running of a school, and liaise between staff and Governors. I am looking forward to attending some formal training with Oldham's Governance Service, and discovering how I can assist South Failsworth and help fulfil its' Mission Statement of 'Inspiring and creating lifelong learners'.
