Newsletter No.46: 20th October 2017

Dear Parents and Friends

Another half term over and this one has really flown. Our new children have settled in brilliantly and it's hard to believe some of them have only been in school for a few weeks! We've had floods and hurricanes to add into all the other exciting school based things we have done. I think everyone deserves a break before the next half term and all the excitement that brings!

Uniform consultation

First of all a big thank you to everyone who has responded so far with our potential new uniform questionnaire. A couple of questions have come up from it which I will try to answer. First, this is just a consultation, there have been no decisions made yet and won't be until the governing body meets. It maybe that there is no change, it maybe that it will be different to what we are suggesting, we are just after your views. Second if there was a change it wouldn't be until September 2018 at the earliest and there would be at least a year of changing over involved, so basically 2 years from now, I would expect most children to have grown somewhat in that time frame! If you haven't already filled in a questionnaire please do so, we need your views, as politicians love to say, "if you didn't vote at the time, you can't complain afterwards!"

High 5 Netball

Our Year 5 and 6's went to West Lakes last week for a high 5 netball tournament and had a great time. There was a coaching session first before a few competitive games which they did very well in. A big thank you to Angie who has been training the juniors on Monday afternoons for the last few weeks, the practice they have had really showed.

Multiskills

Year 1 and 2 also travelled to West Lakes but they went to take part in a multiskills workshop. This involved a load of skill based games which they had a wonderful time taking part in.

Harvest Festival

We held our Harvest Festival last Friday, thank you to everyone who came along and supported it, I hope you enjoyed the children's singing and performance as much as I did.

Class Two's trip to Low Gillerthwaite

Class Two returned to school this afternoon from a two day visit to Low Gillerthwaite where we spent a day exploring the local rivers, an evening looking at the Dark Sky (inside!) and then after an overnight stay paddling and walking back to school. An exhausting (for some of us!) two days but great fun and a real learning experience.

Coming Up

As well as the big C activities of course we have lots of other exciting things planned for the next half term. On the first Tuesday back there is the Halloween Party at the Gather. We then have Jackie Morris visiting for an artists workshop, Class Two are off to King Kong for an afternoons climbing and there is also a trip to Tesco's for Class One and a theatre production by Gripping Yarns. Well that should keep us busy!

For now though have a restful half term break and we'll see you all on Monday October 30th.

Best wishes

D Moore
