

# **Patcham Junior School**

## **Policy on the use of Pupil Premium Funding**

January 2017

## **Introduction**

The Staff and Governors of Patcham Junior School are totally committed to ensuring that provision is made to meet the needs of all of the pupils to ensure they make maximum progress and reach their potential. Our school welcomes and shares the government's aim of tackling all forms of disadvantage and working tirelessly to ensure inclusion and equal access for all learners. We recognise that the pupil premium funding is allocated to children in receipt of free school meals and is a means of addressing some of the issues associated with social disadvantage and in particular, in narrowing and hopefully eventually closing any gap in attainment where this exists.

In making appropriate provision for this, we also acknowledge that not all pupils in receipt of free school meals are socially disadvantaged.

We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. The Governors reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils. The school has legitimately identified as needing additional support to achieve improved outcomes in learning and/or well-being.

## **Provision**

Patcham Junior School is committed to excellence and the maintenance of high standards. We offer a wide range of provision aimed at enabling all learners to enjoy and thrive in learning and to achieve their best.

## **Rationale for decisions about provision**

The rationale for resource deployment is decided by the school, based on the following principles:

- effectiveness and impact so that progress and achievement is maximised for every pupil;
- flexibility;
- fitness for purpose;
- value for money acknowledging appropriate accountability;
- equity;
- inclusivity.

Pupil Premium funding will be used in the first instance to support the learning needs of children in receipt of free school meals who need extra support. However, this provision may well also include other children who have been identified as 'vulnerable' or needing support to reach national attainment expectations. Such decisions will be at the headteacher's discretion.

The Deputy Head Teacher will have overall responsibility for Pupil Premium in the school, ensuring that Free School Meal and Ever 6 children are making progress in line with their peers.

The school's leadership team, SENCO and year group leaders will monitor the attainment and progress of all pupils and decide which pupils need additional provision and what this provision will be. We use on-going and fixed point assessment to identify children's learning needs and plan next steps teaching. A range of additional support may be provided that is felt to best meet the child's needs at the time. The Deputy Head Teacher and the SENCO is also involved in this process.

We always seek to provide outstanding quality first teaching for all pupils. Timely, precision teaching intervention is also used to maximise pupils' progress and attainment.

When considering the deployment and funding of additional support through pupil premium and other school budget monies, we take into account carefully the following options in-order to maximise the impact for the pupil through:

- facilitating pupils' access to education;
- facilitating pupils' access to the school's curriculum;
- support in addition to the provision made in the classroom e.g. specific programmes or targeted interventions;
- additional opportunities to enhance or complement the school offer e.g. after school clubs, holiday clubs etc.
- alternative support and intervention, arranged through a pupil's parents, where funds are available after securing the school's own programme.

Where it is considered that there is a need for alternative provision from external providers that complements the school's offer, the headteacher will agree this, following discussion and advice from colleagues and other relevant sources.

### **Monitoring and evaluating provision**

Once decided, additional provision is monitored session by session by those staff providing support. Adaptations are then made as necessary. The overall effectiveness and impact is evaluated termly usually through year group attainment and progress meetings or through SEN/additional needs reviews.

In evaluating effectiveness, a range of evidence is used including:

- attainment and progress outcomes;
- Feedback from staff, the child, parents and other professionals who may be involved;
- anecdotal, impressionistic evidence relating to improved confidence, well-being, attitude, behaviour etc.

The governors' curriculum committee will have a monitoring oversight of the use of pupil premium funding and the provision it supports.

### **Reporting and accountability**

It will be the responsibility of the Deputy Head Teacher to monitor the allocation of pupil premium and to use as appropriate information on:

- the progress made towards narrowing the gap, by year group, for socially disadvantaged pupils;
- the teacher assessment data we collect e.g. phonological assessment, spelling, reading, writing and maths that demonstrates this;
- comparative data for all non-socially disadvantaged pupils by year group;
- an outline of the provision that was made during since the last meeting;
- an evaluation of the cost effectiveness, in terms of the progress made by the pupils receiving a particular provision, when compared with other forms of support.

This will be reported verbally at the termly curriculum sub- committee meetings.

In September of each year the headteacher will provide an annual report to the Governors at their first autumn term meeting.

This report will follow DfE and LA guidelines and will detail the following:

- the school's total pupil premium allocation for the preceding school year;
- the number of pupils who received pupil premium funded support;
- the value of the premium to each pupil;
- the range of intervention support funded by the pupil premium and the cost of each type of intervention;
- a statement on the impact of each intervention programme in each year group for those children receiving it with illustrative data on pupil progress where this exists;
- an indication on how pupil premium will be spent in the forthcoming year and the rationale for these decisions;
- when/if available from the DfE, comparative data showing our school's progress relative to other schools nationally through the modified national data.

### **Review**

This policy will be reviewed every 3 years as part of the school's cycle. However, this can be sooner to reflect new information or changes as to what is required.
