

## Pupil Premium data 2016-17

### Key Stage 2 (Year 6)

Cohort of 30 pupils (10 disadvantaged – 33%)

#### Progress

	Reading	Writing	Maths
Progress score for disadvantaged pupils	+0.34	-2.57	+2.47
National average for non-disadvantaged pupils	+0.33	+0.17	+0.28
Difference	<b>0.01</b>	-2.74	<b>2.19</b>

#### Attainment

Over the last year in Year 6, disadvantaged pupils have received targeted support through small group work plus after school tuition for maths, reading and writing. An additional teacher was utilised in Year 6 to give, at times, extra teaching capacity and to ensure quality first teaching all year round. Subsequently, our disadvantaged pupils attained better than national disadvantaged pupils in reading, writing and maths combined; plus in reading and maths separately. Furthermore, this was repeated when compared to other pupils nationally. The gap between disadvantaged pupils in school achieving the expected standard and other pupils nationally achieving the expected standard has narrowed significantly since 2015-16.
