

MATHS MORNING

at

Upton Snodsbury C of E First School
Wednesday 15th November 2017, 8.45 - 10.00 am

This session is essential for any parent who wants to know how numbers lines, bead strings and numicon are used and for those who would like to help their children with our calculation methods.

All parents are invited to come into school to find out how our children calculate. A presentation on the progression of calculation will be given, with opportunities to have a go, followed by time in the classrooms to watch calculation in action and join in
