

# School Improvement Priorities 2017 - 2018

---

## Strategic Priorities for 2017 - 18

1. Quality of teaching, learning & assessment is at least good. All adults demonstrate understanding and the application of the school 1,2,3 tracking system; using it to plan, teach and assess pupils learning.
2. To improve the quality of teaching & Learning by implementing the challenging Learning vision, using systems to engage children in effective dialogue to support feedback and challenge for all learners
3. To implement a consistent, systematic, formulaic whole school approach to the tracking and learning of Reading & writing to raise attainment for all pupils, especially those in receipt of pupil premium funding.
