

Brighton Junior Golf – We provide children with the opportunity to play, learn and compete in clubs, schools and in the local community

Great start to our breakfast club this morning It was lovely to meet the children and we hope they enjoyed the session? The sessions was an introduction to our four main rules that underpin all of our sessions - listening, safe, sensible & fair.

We set up 6 simple putting games each with a focus on speed control. The children did a fantastic job playing the games and we commended them on how safely, sensibly & fairly they played.

We are looking forward to introducing the children to new environments, games, tasks & challenges over the coming weeks.

We finished the session by handing out sticker books, we have asked them to bring these along each week.

We are one!! On the 9th of December

Brighton Junior Golf will celebrate their first birthday. Help us celebrate in style with a party like no other in Brighton Marina. We will kick off with Adventure golf, then off to Pizza Express for pizza making, Globalls in the dark next and we will finish up with hot chocolate, cake and of course an amazing goody bag!! Everyone welcome - to book -

Golden Ball Winner – well done for great putting on all of the games. Nice control of speed.

We award the golden ball each week to the child that has demonstrated the safe, sensible and fair qualities that we expect as well as working hard and playing great shots. The ball is kept for one week, returned to the next session and then awarded again.
