Pupil Premium Information

The Pupil Premium is an allocation of additional funding provided to schools to support specific groups of children who are vulnerable to possible underachievement. According to the Department for Education (DfE), this includes pupils who are entitled to free school meals, those looked after by the local authority and the children of armed service personnel.

All schools are required to report on the amount of funding received and how this is being used. Once information is available, the impact of the funding should also be reported.

Due to the small number of eligible children in each cohort, our approach to targeting the pupil premium grant is to use provision mapping and individual support plans to ensure each child receives their allocation, targeted to their specific needs.

Generally support can be grouped as outlined in the table below, however this does not include some of the specific, individual support, which cannot be detailed as it may identify the child.
