

PARENTAL FEEDBACK ON OPEN DAY

October 2017

MY VIEWS:

Lovely morning, very impressed with our "tour guides."

Very informative, everyone seems very friendly, great ethos, so much to see and do, great opportunities.

Very welcoming, friendly. Well presented. Key aspects to KS2 covered.

Very good open day. Nice to observe school and classes in progress, but very good to have a tour from school pupils who did an amazing job. No recommendations needed.

It was lovely to look around on the open day. Very informative, the head boys seem to enjoy the school and said lovely things about it. Lovely small classes too and great open space outside.

It was lovely to look around, the school has changed since coming myself, however I still get the lovely family feel.

Connie enjoyed her visit to St. Joseph's.

Beautiful school, fantastic grounds and lovely children. Thank you for letting us look around on your open day.

Impressed with school and the tour. We found it informative and gave us a good insight into the St. Joseph's environment.

Was lovely to see inside with children and staff. Very informative, children talking about school and experiences all with smiling faces.

Good informative open day. Pupils showing us round were very pleasant and answered all of our questions.
