

Under 11 Sportshall Athletics

11/12/17

Hillside Primary took 18 children to the School Games Sportshall Athletics competition. With a very young and inexperienced team Hillside performed admirably, coming third in the overall standings, just missing out on a place in the next round. All of the children had to take part in 4 events, 2 field and 2 track. The events include, standing long jump, javelin, speed bounce, relay races, obstacle races, triple jump and more. Every child from Hillside tried their best and with the others cheering from the side-lines it made for a fantastic evening of sport. The competition, organised and run by SPIN with the help of Newsome High School young leaders, was a great success. The top 2 teams now proceed to the Kirklees School Games Final.
