

## **Sports Premium Funding 2017-2018**

During the financial year 2014\2015, 2015/2016 and 2016/2017 Brimington Junior School was allocated funding of £9,500. However for the year 2017-2018 the Dfe have recently confirmed the ministerial decision on the allocation formula for the doubled Primary PE and Sport Premium. The high level changes are that from September 2017:

- Schools with 16 or fewer eligible pupils receive £1,000 per pupil
- Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

This is a straight doubling of the current formula and will mean that all schools will be able to deliver further improvements to their PE and sport provision. The mechanism for payment will remain the same, with schools receiving 7/12ths of funding in Oct/Nov and the remaining 5/12ths in April/May.

The DfE webpage can be accessed here and they DfE will publish the school level breakdown of funding for the academic year 2017 to 2018, including conditions of grant, in October 2017.

Therefore Brimington Junior School will be in receipt of £16,000 and an additional payment of 329 children x £10 = £19,290

In 2014/2017 the money was spent on;

- Staff development training within school
- Membership to Chesterfield School Sports Partnership
- Specialist coaches to work with children and teachers.
- Links to profession clubs (Football, Tennis, Hockey, Athletics and Karate)
- Remarking the playground
- Providing suitable sporting equipment to meet the needs of all children (inclusion)
- Development work with KS1 colleagues

- Development and training for lunchtime play leaders

For the financial year 2016/2017 Brimington Junior School focus was to further enhance their provision by developing their sports program throughout the school day by improving the quality of Leadership, P.E. teaching and Assessment and forging links with outside sports clubs and organisations.
