

Dinosaur Planet

Home Learning Menu

This term's topic is all about Dinosaurs. The standard for home learning has been set very high, with some very imaginative and creative home learning completed last half term. Please ensure that your child completes at least 8 pieces, from the menu below, before the Easter break. We hope you will enjoy working with your child to further their learning and develop their enthusiasm.

- Create a booklet of facts about your favourite dinosaurs.
- Draw and label different dinosaurs. How many can you find?
- Visit a tropical animal centre or shop to have a closer look at some modern-day reptiles. Take some photographs or draw pictures to show your class.
- Find non-fiction books at home (or in the local library) about dinosaurs. Read them at home then bring them to school to share.
- Hunt for ferns, yew trees, monkey puzzle trees and other prehistoric plants while you're out and about. You might even find ornamental ferns in the houses of your family and friends.
- Create a dinosaur mask or hat and bring it to school for a dinosaur parade!
- Paint or draw a picture or make a model of your favourite dinosaur. You could use boxes, salt dough, papier-mache.
- Share stories and poems about dinosaurs with your grown-ups. Draw and write about your favourite part. What did you like and why?
- Entertain your family and friends by reading them some side-splitting dinosaur jokes or astounding dinosaur facts.
- Make a dinosaur skeleton or fossil. You could use straws, twigs or chalks.
- Create your own Jurassic landscape or habitat. Think about where the dinosaurs might live and what they might eat.
- Write a 'What am I?' riddle. Use clues to describe your dinosaur but don't give it away!
