

We all need to work together to keep your children safe outside of the school. If you need to drive to school, please park your car carefully and with consideration for others, following these guidelines:

Why not try using a different way to travel to school? You could either try walking or taking public transport.

COTSWOLD CLOSE

This is a **Private Road**. Please be considerate of the people that live here. We have had many complaints over the years from the residents of Cotswold Close regarding parents of Whitehall Infant School parking in Cotswold Close. You **should not** park in Cotswold Close, as this is not public property.

CONTROLLED PARKING ZONES

On many of the roads surrounding the school you **cannot** park between **9am-5pm**. Please use the **Pay & Display** machines- **first 30 minutes free**.

PARKING PERMITS

- You can apply for a school parking permit from Hillingdon Council which allows parking on some of the surrounding roads during school drop off and pick up time.
- Application forms can be collected from our main school office or downloaded from our website in the Parents section.
