

## English

During this term we will be concentrating on our Spelling and Vocabulary, Grammar and Punctuation. We will be learning techniques to help us spell different types of words and how we can use these to make our sentences more interesting. We will be practising our new found skills by writing extended pieces for our topic work.

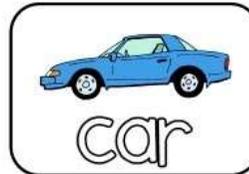

Maths - During this term we will be concentrating on Fractions and Measurements. We will be investigating halves, quarters and thirds and how this is different for shapes and amounts. We will also think about different ways we measure lengths, heights and weights. During this term we will also be *consolidating work on number bonds and counting in 2's, 3's 5's and 10's.*

ICT - We will be using Bee bots to practise programming. We will be looking at how to overcome problems in programming language called algorithms and how to debug problems. This will be linked to Geography and compass directions.

## Physical Education

In PE we will be using apparatus in Gymnastics we will be practising using our bodies in different ways to mount, travel and dismount the apparatus and putting together different sequences.

## Spring 1 – locations and transport.

RE - We will be reflecting on the Incarnation of Jesus during the Christmas story. We will be thinking how the Christmas story guides Christian beliefs and what we were personally thankful for at Christmas time. We will also be exploring and thinking about a different religion.

History - During history lessons we will be looking at how the transport for the villagers of Ridgewell has changed over the past 100 years. We will be looking at how people will have use different forms of transport to travel further and further. We will also investigate the advent and disappearance of trains.

## Music

In Music this term we will be using tuned instruments. We will be thinking about different ways to use instruments as percussion, to compose and to improvise. Children will think about the sights and the sounds they may experience on a journey and recreate this in their music.

Geography - In Geography we will be looking at local place knowledge and comparing this to another country. We will be looking at our school, our journey to school and how this compares to children in different countries. We will be using different techniques to collect information including maps photos and plans.
