You will have heard in the news this month that there is to be an increased importance placed on educating young people at primary school about social media in readiness for their transition to secondary school.

<http://www.bbc.co.uk/news/uk-42563173>

Of course as parents you have the biggest influence on your children. Over the next few weeks we will be including ideas to help you support your child when they are using the internet either on the home computer, mobile device or phone.

Lead by example- Your children are watching you. Limit your on-line time and use the internet and your mobile phone wisely.

Write down the rules and place them next to the computer. Your childrens' teachers should be able to advise you which sites are appropriate for schoolwork and educational fun.

Look out for details of our parent internet safety workshop later this term.

Kerrie Lewis
