

Stonebridge School is a large two-site primary school situated in the Stonebridge Estate, Harlesden NW10. Stonebridge is a thriving, well-respected school which has tripled in size due to rising roles and the additional 180 place annexe site which opened in January 2013. A broad safeguarding team has been developed at the school to ensure all aspects of safeguarding are met within a complex and challenging context. These key members of staff range from the four-person site team to the Social Inclusion Worker, Parent Support Worker and Refugee Support worker.

The school has contributed to and written articles on safeguarding in schools and FGM awareness, and is developing strong professional relationships with other schools nationally who are also considered to have excellent safeguarding practice. Currently the school is working with the LSCB and the police on strengthening the reporting and support of children who are exposed to domestic abuse.

Raising awareness of Child & Parental Ill Health

Date

Time

DESCRIPTION: The Brent LSCB has identified four significant areas of concern which have the largest detrimental impact on the safety and wellbeing of Brent's children. One of these areas is Child and Parental Ill Health and will remain a priority for the Board in 2017-18.
