

## Young Voices 2018

As the bus came to a halt everyone cheered "We're here, we're here!" We all grouped together as we stepped off the bus and there it was, Sheffield Motorpoint Arena.

Next, we all queued up outside the stadium whilst the teachers got their bags checked. We were sitting right at the bottom, in front of all the acts, beside the stage.

Secondly, when we were all sat down, we practiced all of the songs and dance moves which we had learnt. After that, we had an hours break from 5.00pm until 6.00pm. (It was the second best part!) I was sat with all of my friends which made the experience much more fun.

Then at 6.30pm all of the parents started to arrive. I saw my parents on the opposite side to us near the top of the stadium. Eventually, it was time, the big show was about to start. Geegee (the presenter) walked onto the stage and introduced the first show song. Until the end of the show our voices blasted out the song and we all sang with enjoyment.

On the way home, I fell asleep on the coach and dreamed about what an amazing day I had had.
