

**Wheatfield Primary School
Sports Funding Report 2016-17 (£9075)**

Area of Spend	Cost	Description of Intervention	Intended Outcomes	How impact is to be measured	Impact
PE Enrichment sessions during curriculum time.	£3000	Specialist coaches to teach 'new' sports (sports the children haven't experienced before). Each year group to have half day sports provision and children to choose sports they would like to try.	Increased levels of enjoyment in sport. Increased variety of sporting opportunities for children.	Pupil conferencing. Staff feedback.	Pupil feedback showed how much the children enjoyed the sessions – archery was a huge success in particular and we will consider buying a set of equipment for the school next year. Staff feedback was really positive as they enjoyed having additional adults to support sports sessions so will consider having more coaching sessions for each year group next year.
PE Enrichment sessions at lunchtime	£2600	Specialist coaches to support 1 lunchtime a week for KS1 and KS2.	Increased engagement with sport. Increased self-esteem for children. Increase in level of social skills.	Pupil conferencing. LBS feedback. Lunchtime observations	Pupil feedback has been extremely positive. The children look forward to their lunchtime SHINE sessions. The children have built positive relationships with the coaches and this has improved their attitudes at lunchtimes. Children who lack confidence/self-esteem in PE and don't feel they can attend an after school club have been happy to join in with lunchtime so are getting extra access to sport. LBS have confirmed that there are far less disagreements on SHINE lunchtimes as the children are being given rules and are expected to follow them. SHINE give out stickers for children who play fairly which helps to emphasize this.
Participation in extra-curricular sport	Nil	Make yearly plan with sports coaches for after school sports provision.	Increased levels of engagement. Increased opportunities for KS1. Improved health and fitness	Numbers participating	Each term there is now at least one club directed at EYFS and KS1 children

				Feedback for sports coaches	therefore there has been a huge increase in KS1 participation. Over the course of the school week have had 10 sporting clubs on offer for children which is an increase from last year. In a week we have 120 children attending sports clubs – this is a figure we will seek to increase next year.
Competition	£1600	Membership of South Glos PE Association. Intra-school bi-termly competitions. New equipment for our sports teams.	Children participating in a variety of sporting competitions. All children have access to some form of competition. Sports teams are fully resourced for regular competition.	Participation in events. Pupil feedback Staff feedback	Through the South Glos PE Association children have participated in the Football League, Festival of Dance, Festival of Youth Sport and a netball tournament and netball matches. New equipment on order for the netball and football teams to help to keep improving them for next year.
Curriculum PE	£750	Learning walks to monitor teaching of PE and use of Real PE scheme. Purchase of additional equipment to support delivery of this curriculum.	High quality PE teaching Increase in physical literacy Improvement in children's skill level.	Learning walks Pupil conferencing Staff assessment	Learning Walks show that Real PE scheme is being used successfully in YR, Y1, Y2, Y5 and Y6. Teachers have recorded an improvement in children's skills and their ability to discuss the skills they are using. The children have also made further progress through the FUNS cards compared to last year. Training will need to be planned for next year to give new teachers support with the programme.
Gifted and talented	£120	School to pay entry fees for 2 gymnasts to enter South West and UK gym competition.	Support development of gifted and talented children in sport. Participation in competition Celebrate achievements of children in sport.	Entry in competition.	Children entered the gym competition which was successful. Achievements celebrated with whole school in assembly.
Staff training	£500	Kim Hazledine to lead staff training on REAL PE at staff meetings. Kim to support staff in 1:1 sessions	Increased confidence in staff. High quality PE teaching	Staff questionnaire Learning Walks	As mentioned above, learning walks show that Real PE is being used successfully.

		SHINE to provide dance training.* <i>(* this has had to be rolled forward to next year so there is £300 left in the budget)</i>			Staff questionnaire showed that the majority of staff are confident using the programme. Certain staff have requested more support for next year and other training needs have been identified for next year.
TOTAL	£8570
