

Broughton Moor Primary School

Friday News

Happy Friday to all of you. We've had another wonderful fortnight in school and it's a delight to be able to talk about all of the activities in school. I'm sure your Wednesday was dominated with conversations about the show dome we had in school - the children were buzzing after spending time in there as part of the science topic of light. It was a fantastic resource to have in school.

For the past 3 weeks we have had a trainee teacher in school, Miss Storey, who has been working with the Juniors and has made a lasting impression already. She will be leaving us next Friday before her next placement. Miss Storey, and any other students who we have in school, are part of the Cumbria Primary Teacher Training course. If you were thinking of becoming a teacher we highly recommend this course. After half term we will be welcoming another student who will be working with Miss Landells and the Year 1 and 2 children.

This week we have celebrated having a positive mindset and certificates have been awarded to **Calzb, Maczy, Aaliyah, Nathan A and Eleanor**. Next week certificates will be awarded for presentation.

We're looking forward to our whole school trip on Thursday 1st February to Keswick. It's always exciting to be out of school and being able to link our learning to practical applications. We will be going on another whole school trip on the 19th February to Newcastle. This is the first day back to school after half term and promises to start our next topic off with a bang! Letters about the trip will be coming out next week.

Thank you to everyone who has brought in cardboard for the children over the past couple of weeks. We have had great fun making Iron Men across the school and I'm sure your children have been discussing the story at home as well. Once again we have been delighted with the efforts made as part of the topic especially the centrepiece to our display from Matthew Bailey (with help from his Dad).

My Friday message is usually just positive messages however I need to inform you of a change to lunches which was dropped on school just before Christmas. Dolce, who provide our lunches, put up prices by 10p to all schools from 1st January. School has absorbed the cost so far however we have to put up prices to £2.20 after Easter for our Junior children. We make a loss on lunches every day which adds up to approximately £6000 each year from our budget. If you would like to talk to me about the price rise you're more than welcome to.

Dropping off and Collecting Children at school.

Please can we remind parents and carers of children they must NOT drop off and/or collect their children on the yellow zig zags outside of school.

PE Kit

Please remember to bring your PE kit into school on a Monday morning and leave in school all week. Your child's PE kit consists of:

- Black shorts/jogger pants
- Plain white T Shirt
- Trainers or pumps

Our Reception children have been working on their story telling skills. They have been teaching their parents the story of Charlie.

The Friends Association of Broughton Moor Primary School

The Friends Association have organised the following events. Please support the Friends Association in their fund raising efforts as they donate a lot to the school.
