This year Lancashire Adult Learning are introducing free courses for parents/carers looking to return to work. These courses can be tailored to meet the needs of your school community.

Introduction to Becoming Self-Employed

Ideal for those looking to get back into work, who may need to work around family commitments or wish to be their own boss. Do parents/carers have a skill or an idea, but are not sure where to start or whether it is viable? This short course will set parents/carers up with an action plan to work through for each step of becoming self-employed. This one off course is just 2.5 hours long. Please contact us for availability.

Back to School, Back to Work...

Ideal for those who have been out of employment for a while, and may need support and guidance to get back into work. Lancashire Adult Learning can help! We're excited to be running this new course, which will help parents/carers get back into work, or find a new job that fits around family life.

The course will vary depending on group needs but can include:

- Identifying transferable skills and qualities
- Building confidence
- CV Writing
- Interview skills and much more!

For further information or to book
please contact Laura Myers on:
