

Assisi

A charity which rescue and rehome animals like cats, dogs, rabbits and guinea pigs. Assisi have helped thousands of rescue animals and tries to give them the best possible treatment while they are in their care and to find them a new homes.

Assisi rely on volunteers to help feed the animals, walk the dogs and clean out shelters.

They advertise on tv and social media to try to find the animals new homes.

They are often very busy after Christmas because many people get puppies for Christmas and then get bored of looking after them or don't like their animals when they start growing up.

Some people give the animals away or some cruel people throw the animals out and just abandon them.

They need our support to help run the centre, feed the animals and allow them to keep rescuing abandoned or mistreated animals.
