## **Definition**

At Christ Church Academy the promotion of pupils' spiritual, moral, social and cultural education is considered to be a 'whole school issue'.

Spiritual, Moral, Social and Cultural Development is promoted not only through all the subjects of the curriculum; including Forest School, but also through the ethos of the school and through development of positive attitudes and values.

This policy supports and reinforces the aims of our school, valuing all children and staff equally and as individuals.

## **Principles**

Spiritual, Moral, Social and Cultural Development is crucial for individual pupils and it is crucial for society as a whole. We believe it is the heart of what education is all about – helping pupils grow and develop as people.

Spiritual, Moral, Social and Cultural Development is cross curricular and promotes the aims and principals of the policies for PSHE, RE, Race Equality, Disability and Equal Opportunities. These policies all underpin the Curriculum model as putting the child at the centre of all we do.

It is an expectation at Christ Church Academy that all staff, in all subjects, can and should make a contribution to the Spiritual, Moral, Social and Cultural Development of pupils through the taught curriculum and through the use of appropriate teaching and learning strategies e.g. discussion, reflection, pupil participation, circle time, etc. The importance of relationships will be characterised by mutual respect, by positive attitudes, by the willingness to listen and be listened to and by the valuing of all pupils.

## **Spiritual Development**

This relates to the quest for individual identity and the search for meaning and purpose in our existence. It leads towards the understanding of self and others. It has to do with feelings, emotions, attitudes and beliefs. It is not linked solely to a particular doctrine or faith and spiritual development is therefore accessible to everyone.

## **Aims for Spiritual Development**

- The ability to listen and be still
- The ability to reflect
- The ability to sense wonder and mystery in the world
- The ability to sense the special nature of human relationships

## **Objectives for Spiritual Development**

- To develop the skill of being physically still, yet alert
- To develop the skill to use all ones senses
- To develop imagination
- To encourage times for quiet reflection throughout the school day
- To develop individual self confidence

## **Moral Development**

Pupils are encouraged to understand the need for a common code and to follow it from conviction rather than because of sanctions or consequences. At Christ Church Academy we work towards an understanding of what is right and wrong. From this basis pupils may develop the ability to make judgements and to become increasingly responsible for their own actions or and behaviour.

## **Aims for Moral Development**

- To understand the principles lying behind decision and actions
- To be able to distinguish between right and wrong
- To be able to make decisions, accepting and understanding consequences of their actions
- To move gradually through a 'taught morality' to taking responsibility for their own moral decisions

## **Objectives for Moral Development**

- To tell the truth
- To respect the rights and property of others
- To help others less fortunate than themselves
- To be considerate to others
- To take responsibility of own actions
- To exercise self-discipline
- To develop high expectations and a positive attitude
- To conform to rules and regulations to promote order for the good of all

## **Social Development**

This enables pupils to become conscientious participants in their family, class, school; and the local and wider community. Within this there should be a balance of the positive, satisfying elements of belonging to a group or society along with the demands, obligations and co-operation such membership requires.

## **Aims for Social Development**

- To relate positively to others
- To participate fully and take responsibility in class and school
- To use appropriate behaviour across a range of situations
- To work cooperatively with others
- To use own initiative responsibly
- To understand our place in our family, school and society

- To be sensitive to the needs and feelings of others
- To work as part of a group
- To interact positively across a range of situations, e.g. clubs, sports activities, visits, church services, music festivals, etc.
- To develop an understanding of citizenship and to experience being a part of a caring community
- To show care and consideration for others e.g. sharing and turn taking

- To realise that every individual can do something well and have something to offer

## **Cultural Development**

At the heart of cultural development lies the necessity to develop a sense of personal identity, whilst at the same time acquiring awareness, understanding and tolerance regarding the cultural traditions and beliefs of others.

### **Aims for Cultural Development**

- To develop a sense of belonging to pupils' own culture and being proud of their cultural background
