

**My name is Mrs Christiansen and I'm lucky to be teaching Poplar Class this year. I have been teaching for over 10 years and have worked in four different schools so far! I absolutely love teaching, this probably comes from my mum, who is also a teacher, as is my sister and my husband!**

**Being a Teacher is the best job in the world because every day is different. The energetic children in my classes have always kept me on my toes and I love that they find something to make me laugh every day! I'm in charge of Maths, I used to find Maths difficult when I was at school, but the trick is learning your times tables. Once you know them inside out and back to front, I promise you Maths becomes a lot easier and fun!**

**When I'm not busy being a teacher, I'm a very busy mum, to a cheeky little girl!**

**If you need to contact me my email address is [jchristiansen@elparkprimary.co.uk](mailto:jchristiansen@elparkprimary.co.uk)**
