'Be the best you can be'

Thursday 18th January

Dear Parent/ Guardians,

As the new Maths Lead in the school my aim is to promote the love of maths and an enthusiasm to learn, and believe using the Mathletics site will be a great place to start.

Thanks to PTA funding we are once again lucky enough to have Mathletics for another year and would like you to join us as whole school community in encouraging your children to use the site.

I want to promote this throughout the school and know the children thoroughly enjoyed the weekly class competition last year to see which class had accumulated the most points. The results of this will be shared in our weekly celebration assembly alongside the child from each Key Stage who has individually gained the most points.

This is a great opportunity for your child to not only consolidate what they have been learning in class but also gain an insight into new learning before it is taught, hopefully this will not only secure their understanding but also raise their confidence in maths.

Your child should have been given their personal Login by their class teacher and will have been on the site during the week, so it would be greatly appreciated if you could encourage your child to spend some time practising their maths skills.

Yours Sincerely

Mrs C Cooper
Maths Lead
