**Verse:** G E- C D

I move my feet to the sound of the beat

I put my favourite song repeat

Everything is perfect for me

Everything is as I want it to be

I sing out loud to my favourite tune

I dance all around my best friend's room

Everything is perfect for me

Everything is as I want it to be

**Chorus:**

Put my headphones on, wake up the radio

The sounds so loud coming through in stereo

The song they play are making me crazy-o

Just my luck, playing my favio

Dance around making sure I sing along

I don't care if I get the words wrong

Loud and proud I can sing for so long

A bedroom star singing my own song

Yeah

Oh yeah

Oh yeah

Oh yeah!

I've got a dance routine that I want to complete

The kind of beat that moves my feet

Everything is perfect for me

Everything is as I want it to be

Everything gets a little bit funky

I jump around like a crazy monkey

Everything is perfect for me

Everything is as I want it to be

**Chorus:**

Put my headphones on, wake up the radio

The sounds so loud coming through in stereo

The song they play are making me crazy-o

Just my luck, playing my favio

Dance around making sure I sing along

I don't care if I get the words wrong

Loud and proud I can sing for so long

A bedroom star singing my own song

Yeah

Oh yeah

Oh yeah

Oh yeah!

C E- C E- D(+)

No one can see me as I play up to the crowd

But everyone hears me as I play it very loud

I play air guitar and I play it through the nights

I won't give up my dream until I see my name in lights

**2 x Chorus:**

Put my headphones on, wake up the radio

The sounds so loud coming through in stereo

The song they play are making me crazy-o

Just my luck, playing my favio

Dance around making sure I sing along

I don't care if I get the words wrong

Loud and proud I can sing for so long

A bedroom star singing my own song

Yeah

Oh yeah

Oh yeah

Oh yeah!
