

## History

The children will carry out a local history study linked with the Finedon Woods

## Geography

The children will use fieldwork to observe, measure and record the human and physical features of the local area using a range of methods. They will also use their orienteering skills around Salcey Forest.

## Maths

The children will:

- Learn and recall their times tables.
- Learn to tell the time and answer time problems.
- Compare and classify shapes based on properties.
- Identify acute and obtuse angles in shapes.
- Identify lines of symmetry.
- Investigate regular and irregular polygon.
- Learn how to use column addition.

## English

The children will:

- Create a story map and learn actions to help them remember chapters (Talk For Writing) of the book, *The Adventures of Robin Hood*.
- Use their experience of Tree Top Way in Salcey Forest to rewrite the rest of the adventure story.
- Use Salcey Forest to help them write a story setting for Sherwood Forest.
- Write a character description of Robin Hood or Guy of Gisborne.

## WOW DAY

A visit to Salcey Forest

Marvellous Middle Archery contest

Fantastic Finish Grendon residential

# A Walk in the Woods

## P.S.H.E

**Healthy Me** - Learning about the importance of diet and exercise. Keeping safe and understanding how to keep my body organs healthy. Medicines and their dangers

## Science

**Living things and their Habitats** - The children will learn that living things can be grouped in a range of ways. They will explore and use classification keys to help group, identify and name a variety of living things. The children will also construct food chains identifying producer, prey and predator. They will also learn about what impact our environment and make changes to it.

## P.E

**Gymnastics** - the children will continue to develop their flexibility and balance. while creating sequences and routines.

**Tennis** - the children will learn the skills and techniques required to play tennis.

## Computing

The children will continue to use laptops to improve their basic word-processing and computing skills. They will then use these skills to produce their fact file on a word document.

## RE

**Values:** What matters most to Christians and Humanists? The children will explore the values of Christians and Humanists and show an understanding of the different faiths.

## Art and Design

**Music** - The children will continue to learn to play string instruments.

## Art and Design and Technology

The children will study the artwork of David Hockney and design, make and evaluate their own piece in the artist's style.
