* The meetings for these two committees are usually convened together as the subjects for discussion are common to both. Separate meetings are held when deemed necessary by the Chair or Vice Chair.

Additional appointments of governors to these panels will be made as and when the panels are convened.

Note: It may be necessary from time to time to co-opt Governors on to the above committees and to effect changes in the above composition and allocation to cover for sickness and provide all the Governors with experience of the various areas of the Governors' responsibilities.
