British Science Week

This week the children have had an amazing opportunity to learn science in a hands-on manner as part of British Science Week celebrations.

British Science Week is a national initiative which celebrates science, technology, engineering and maths by holding entertaining events in schools and community groups across the country.

Thank you to all parents, carers and grandparents who came along to take part in the activities with their children . We hope you enjoyed it as much as they did.

Big Battery Hunt

As you know, Roach Vale is now taking part in the BIG Battery Hunt. This is an initiative to teach the children about the value of recycling and also give us a chance to win some prizes! Thank you to everyone who has supported this initiative so far. Remember, you can place any old batteries in our special Duracell Battery container in the entrance hall. Thank you.

Year 6 Monitors

I'd like to say a big thank you to our Year 6 monitors who give up their time to set up for assemblies, bring the lunch box trollies into the dining hall, supervise the corridor areas, tidy up the play equipment and support our younger pupils during assembly times. You all do a great job to keep our school safe, calm and ready for learning. Thank you to you all.

Birthday greetings go to:

John O'Hara, Aaron Ward, Harry Holding, Harvey Copleston, Maisy McDowell and Poppy Sherborne

Happy Birthday to you all.

Attendance Award

This week the class with the best attendance was **Year EYFS with 99%**. They win the attendance trophy this week . Regular attendance at school gives you the best possible start in life. Keep up the good work!
