To the parent/guardian of children at Hey with Zion,

### **General Data Protection Register (GDPR)**

You may have heard in the press about the new regulations regarding data protection, known as GDPR. As a school, and holder of data, we are required to adhere to these regulations which will become law on 25 May 2018.

Between now and September, we will be sending home Parental Data Consent Forms which we will need you to read and sign for each area in which we hold data about you and your child. These forms will cover several pages, it is essential that you read and sign all sections and pages.

We will, in the near future be sending home more information regarding our, and your, responsibilities under the new regulations. If you have any queries resulting from the information we send home, please let us know.

Yours faithfully,
