

Dear All,

Unfortunately we have been struck by an electronic bug and so we have been unable to produce and send out our newsletter this term, so instead I have published my message separately and hope that it manages to find its way to you all:

Well dare I say it, but I think Spring might have finally sprung. After all that unseasonable weather the sun is finally shining on us just in time for the holidays.

It might not be long in weeks since half term but there have certainly still been a fair few events going on at school. Y2 have enjoyed several sessions of Rugby coaching from Hull FC, culminating in an invitation to their Super League match against Catalans on Friday 23rd March. Hull City have been in to promote Women's football providing coaching sessions for girls from a range of year groups. Y5 and 6 visited South Hunsley to take part in transition activities. Y5 to take part in the winter festival of sport and Y6 to take part in bread making.

Y4 put a tremendous amount of work into preparing an extremely poignant dance to commemorate 100 years since WW1. Goodness only knows what the judges were watching though because for some unknown reason we weren't placed. All I can say is the other teams must have been full of professional dancers. They were definitely winners in our eyes and I would like to take this opportunity give a massive thank you to Miss Gibbs and Mrs Benton for all of their hard work. Thank you and well done to all of Y4 for their perseverance, teamwork, energy and attitude. You did us all very proud and represented the school fantastically.

On top of all this teams from various year groups have taken part in a variety of sporting competitions such as bench-ball, dodgeball, orienteering and netball.

So as I say it has been an incredibly busy term!

So perhaps we might allow ourselves a relaxing final week? Monday choir rehearsal at Hunsley; Tuesday Brass Festival and Autism Awareness stalls; Wednesday choir concert; Thursday Easter service, dance-athon for sports relief and Y4 performing their '100 years' dance for parents. Hmmm yes, we are really winding down now!

Of course none of this would be possible without the support of the whole school community. So thank you to the staff without whom none of these events would have been able to happen. Thank you to the parents whose support through rehearsing, transporting, attending and at times financing also ensured that these events took place at all. But of course most importantly thank you to your children. As usual they have been magnificent. No moaning, no groaning they have just taken it all in their stride with impeccable behaviour and the minimum of fuss whilst still performing to the highest of high standards.

And can I just extend yet another special thank you to our Y6 who have again led their school by setting a fantastic example to us all. From their fabulous behaviour and performance which led to winning the brass festival on Tuesday. To their leadership and quality in delivering what was definitely our best choir concert to date. Keep it up Y6, Bamburgh is going to be simply fantastic!

So to everyone, enjoy the rest - you have earned it. I hope the weather treats us all well. And I look forward to seeing you all safe and sound for the summer term.
