

SPORTS PREMIUM FUNDING APRIL 2017 – APRIL 2018

Sports Premium is annual amount of money which the government allocates to schools with an intention to continue until 2020. The funding amount that schools receive is based upon the number of children of primary age in the school in January of that year. At St- Anne's Primary School, we strive to promote healthy and active lifestyles and aim to provide sporting opportunities for all pupils.

A major success for ST- Anne's in this period was accomplishment of the Bronze Sports Mark. This was achieved due to increased numbers of participation in clubs and by attending a number of inter school competitions.

SPORTS PREMIUM FUNDING			
Income received for the period		£14033
