Wagtails on Ice!

On Monday Wagtails went to Planet Ice for an Ice Skating experience.

They had an exciting hour of Ice Skating tuition from some experienced ice skaters and some penguin helpers. They were taught how to push their penguin friend along (marching their feet like soldiers), how to get back up if they fell, how to improve their balance (using aeroplane arms) and how to take to the ice without their penguin (pushing it an increasing distance away.) Sarah, one of the Ice Skating coaches, commented on how well Wagtails listened and tried their best.

She also said it was a pleasure to see children so resilient and enthusiastic about trying something new. Well Done Wagtails! It was a wonderful experience and lots of Wagtails are already asking about going again!

Woodpeckers take to the Air!

On Tuesday 6th March Woodpecker Class went on an amazing exploration. We didn't have to travel far, visiting The Gliding Centre at Husbands Bosworth airfield, kindly arranged by Mr and Mrs Kilham. The children thought their visit was: 'Epic, marvellous and really interesting!' They enjoyed learning about different aspects of gliding, seeing different gliders and tugs, even flying a glider (in a training simulator). There were pilots, a member of the RAF Red Arrows and engineers all on hand to make our day a memorable one and answer our many questions.

Woodpeckers had a wonderful morning – a big thank you to all of those who made it possible, especially the Kilhams.
