

How can we support your family?

Here at Hartside Academy we not only care about children during their time in school but also acknowledge the challenges they might face at home.

We understand that the emotional wellbeing of our children is affected by the wellbeing of the adults they interact with, therefore it is essential that we help protect and promote the emotional health and wellbeing of each and every member of our school community.

If you feel that a home/personal situation is affecting you or your child please do not hesitate to get in touch. You can do this in person to a member of staff you feel comfortable with, via a dojo message or via email/phone.

Please be reassured that you will be met with a supportive response.
