

Seal: Going for Goals British Values: Liberty of Speech

We will be looking at these themes throughout our topic and English learning.

British Values will be leading us to our trip to London where we will visit the Houses of Parliament

Music

We will continue our unit from last term and then using our skills to write and perform a song about how the body works. We will also be looking at singing as a group as we start our End of Year performance

Boosters

The SLT team will continue to provide booster sessions on Friday morning at 8am. If children want to bring in their breakfast they may.

It is really important that the children are punctual and attending each of the sessions.

PE

PE days will be Tuesday and Friday. Please ensure that earrings are able to be removed and hair must be put up. The children will be doing Netball. Children must have their PE kits in school every day. Please ensure that girls have socks if they are wearing tights and that deodorant is part of the kit.

PE kit

Round neck PE t-shirt, SJM hoody/jumper, black shorts, trainers/ plimsolls. Warm school coloured or dark tracksuits

SATS PREPARATION

The children have a busy fun packed year ahead of them, and I have a well rounded curriculum planned to help develop creativity and their critical thinking. We also have to be mindful of the SATs which usually take place in May. I will be getting the children used to the test papers to ease anxiety and to get them used to the format

Notes

Swimming will continue on Friday afternoons.
