End of Spring Term Newsletter

Easter Holidays

We return to school on Monday 16th April 2017. We hope you really enjoy the Easter Holidays. Thank you to all of our brilliant children for another term of fun and hard work.

Easter Raffle

Thank you to everyone who sent in a chocolate donation for the Easter Raffle or bought a ticket. We appreciate your support and will announce the amount raised after the holidays.

Morning playground

We love the fact that so many parents stay with their children until they enter school on a morning. We would respectfully ask that once the class lines are making their way into school that parents leave the playground behind the lines of children rather than in front of them. This saves on the teachers having to stop a class walking to allow a parent to walk through.

Y6 SATS and transition

A detailed letter will be sent home after Easter outlining the dates and times of 'SATS' week and giving some brief information about transition and end of year events. An optional informal SATs information session will be held at 6.00pm on Thursday 3rd May for parents who would like to know a bit more about the week. Test scripts are sent to the Department for Education through the week and Mrs Baxter will also submit her teacher assessment/judgement of where each child is. We are not worried about the tests and do not want the children to be either. 😊

Y2 SATs

Year 2 SATs are very low key and won't feel particularly different to the day to day class activities. The results from the tests usually confirm what Miss Davies already knows about each child and support the judgements she has made about where they are in relation to national levels. It is the teacher judgements we report to the Department of Education, Y2 test scripts are not sent off.

Friday 20th April

Non uniform day – please bring a bottle to donate to the Summer Fair which is being held on the 7th July 2018. Bottles will be collected by the PSFA in the school entrance first thing.

Sporting Events

We have teams in the Rugby, Football and Netball leagues this summer. Sometimes it will mean we have 2 or 3 matches per week after school and so we are always very appreciative if parents are able to help us with the transportation or accompany us. League matches (events usually held in school grounds) are always open to parents.
