

St Andrews CE Primary School PE and Sport Grant Academic Year 2016/17

In 2016-17, the school received £10,040 in PE and Sport funding for the period 1st September 2016 to 31st August 2017. The money was used to fund the following initiatives:-

<u>Initiative</u>	<u>Aim</u>	<u>Expenditure</u>	<u>Impact</u>
Improving the Delivery of PE	We have used the money to make PE easier to deliver in wider locations. In particular this year, we hired additional facilities at the King Alfred facility to enhance the extra PE activities for the three-form year group when swimming. As this year group moved into year 4 in 2016-2017 it has been provided with a specialist badminton coach.	£458	<ul style="list-style-type: none"> • All children in Year 3,4,5 have had the opportunity to swim. • Pupil conferencing has shown that 100% of children enjoyed learning a new sport and key skills from a badminton specialist.
Specific Teacher Training	<p>We have continued partnership with a specialist sports agency (Downs Active) who are helping us develop the quality of our PE teaching. They deliver specialist and designed programmes as well as run sports clubs before school.</p> <p>We have also increased the amount of teacher training that has taken place over the year with 6 members of staff taking part in a range of CPD opportunities. Courses include:</p> <p>ASA Swimming course - Nicola Disney, John Atkinson</p> <p>Real Gym - Isabelle Marsh, Phoebe Walters</p> <p>Brighton and Hove Albion - Sarah-Jane Challis, Sally Martin.</p>	£6,470	<ul style="list-style-type: none"> • Teacher conferencing has shown a 100% increase in teacher confidence in teaching outdoor games. • Children now receiving key skills over 6 week blocks of lessons, supported by the planning provided by Downs Active. • Through differentiated planning both G and T are being stretched whilst children with extra needs are specifically supported. • Increased teacher confidence in KS1 outdoor games. Looking forward to including more intra school competitions in KS1 as we move forward to 2017-18. • A range of multi-skills planning and support documents available to the whole school. • Increased awareness of swimming skills then shared in staff meeting.

<p>Improving Participation in and Experience of Sport</p>	<p>We have continued to develop the “gifted and talented” pupil by offering experiences of wider competitive challenge. To introduce a more inclusive, competitive element to the PE curriculum we have now timetabled Jamie to work with the G and T children to work alongside the competition calendar to give these children extra coaching and support before taking part in competition.</p> <p>We have also included more B and C teams in the competition calendar. This has meant more of the budget has been spent on transport and releasing teachers.</p> <p>This year we have spent money on:</p> <ul style="list-style-type: none"> • Releasing teachers for a wide range of sports events (£2,529) • Travel to sports events (£1,101) • Competition entry fees (£170) • Trust and affiliation fees (£125) 	<p>£3,110</p>	<ul style="list-style-type: none"> • Over the year we have continued to enter all of the competitions offered to us by Brighton and Hove council. We have increased our participation by including more B and C teams. We had 4/8 B matches and 2/8 C matches in netball and 6/8 B team matches and 2/8 C team matches in football. • G and T provision has been extended to 6 week blocks of 40 min session to prepare teams for competitions. • In order for us to be able to access these competitions with the correct ratios for safeguarding, we have paid supply to cover. • To enable more than one team to take part we have used coaches to transport the children. • We have paid competitions fees not only to Brighton and Hove but to Brighton College competitions, Sussex Cricket, and subs to the Hove Partnership that organises our netball and football leagues.
--	--	---------------	---

This brings our total spend to £10,038 which leaves £2 unspent.

The impact of these actions are:

1. An improvement in the quality of teaching in PE and training opportunities for staff.

- Teacher questionnaires clearly show that teachers are confident about teaching games. Evidence pack is held by the PE Subject Leader.
- **ASA Swimming course** – two teachers attended in 2016/2017. Two teachers to attend 2017/2018.
- **Real Gym** – two teachers attended course and have developed resources. We formed a gym team for the first time as a result.
- **Brighton and Hove Albion** – two teachers from KS1 went for training and have organised a KS1 tournament.

2. A widening in the diversity offered in PE.

- A full Curriculum Map is available.
- Downs Active introduced Ultimate Frisbie and wider OHA activities this year.

3. A widening in the diversity of sporting opportunities offered outside of PE lessons.

We now take part in the full breadth of competition available to us throughout Brighton and Hove. In 2016/2017 we entered:

Hove Cross Country Championship
Brighton and Hove Cross Country Waterhall
Girls' football league
Girls' football Citywide Tournament
Girls' football festival at the Albion Performance Centre
Netball League
Netball High 5 Tournament
Netball Hove and Portslade Tournament
Hove Girls' Cricket Tournament
Sussex Cricket Tournament – Hove Cricket ground
Quicksticks hockey
Gymnastics festival
Tag Rugby Tournament – Waterhall
Steerman Football Cup Tournament
Hove Boys' Football League
Brighton and Hove Boys' Football Cup
Brighton and Hove Athletics Championship
Tri-golf Tournament
Brighton and Hove Indoor Athletics
Let's Dance Festival

- Sport grant allowed us to hire more supply to release staff to take a wider range of children (B and C teams) to a number of new competitions.

4. A rise in the number of children participating in sporting opportunities offered by the school

51% KS2 children take part in extracurricular sports clubs.

33% of all KS2 Pupil Premium children take part at extracurricular sports clubs. It is our target to narrow this gap in 2017/2018.
